

Les Amis De l'œuvre de Blasco Mentor

Le petit journal N° 4 avril/mai/juin 2022

Edito

Our "petit journal" is almost 1 year old!

Indeed in July 2021 we inaugurated the number one to inform you of the news of the work of Mentor; we hope to always meet your expectations.

This year again we will be present at the forum of associations. It will take place on Saturday, September 3 with a new format: at the Lanza space from 5 pm to 9 pm. An aperitif will be offered by the municipality at 7pm.

While waiting to meet you on this event, we wish you a good summer and a good reading.

Subvention

As we had hoped, the municipality granted us an operating grant of 480 Euros. This subsidy should cover all or part of our fixed costs.

Among these costs, the maintenance and updating of our website is an important item of expenditure. Our webmaster ceasing his professional activity at the end of the year we are always looking for a person who can provide these services.

Our projects

- The virtual tour of Casa Nieves

Following our financing file submitted to the town hall at the end of 2021, concerning a virtual tour of the Mentor property (see our "petit journal" N° 2), the municipality granted us, under the "exceptional grants" budget, the sum of 1724 euros, provided that Univers Mentor also participates for the same amount.

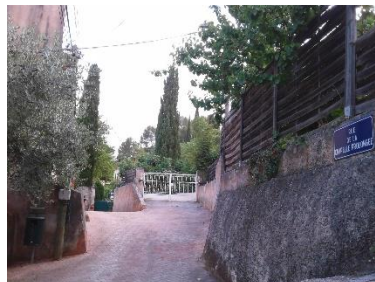

Univers Mentor's response was negative.

We had anticipated this response and filed at the end of April with the Mission Vie Associative et Education Populaire (FDVA) a request for funding in the amount of 1724 euros. We are waiting for the department's response. For the record, the cost of this project is 3,447 euros, whose support is 811 Euros by the association, 1,724 euros by the municipality and the balance by the FDVA or Univers Mentor.

- Blasco Mentor Street

The steps to make rue de la Chapelle Prolongee become rue Blasco Mentor are still underway and should see the light of day in the fourth quarter of 2022. On this occasion our association will publish a leaflet that will be distributed to all Toucassins and which will be entitled: Mentor and Solliès-Toucas.

Crédit Agricole Provence Côte d'Azur, which has already supported and financed us for the edition of our previous leaflets, will still be our partner. We thank him in advance.

Other projects

The municipality has the project to make a fresco representing Mentor, on the wall of the house immediately to the right after the bridge of the city center crossing the Gapeau. We have approved this project.

It highlights and in view of all the toucassins and visitors of our municipality, our cultural heritage. The municipality wanted Univers Mentor to cover the financial costs. Once again he refused: this fresco will probably never see the light of day....
